

## Week June 22<sup>nd</sup>-26<sup>th</sup>

Hi 5<sup>th</sup> Class!! It's so hard to believe that this is our last week of school work. We hope that we have been a support for you all over the last number of weeks and have provided interesting and accessible work. Well done to you all for your engagement with the work, you have all shown great responsibility and will make excellent role models for the school next year as 6<sup>th</sup> class students. As this is our last week, there will be a number of changes to the schedule. We are including some practical and outdoor based activities. We have also changed our Zoom calls from Monday to Wednesday this week. There will also be no written work on Friday. Finally, we have included one email task for you this week:

- (1) **Art task on Monday.** Complete on Monday and send to your specific 5<sup>th</sup> class teacher before 2.30pm where possible. We will endeavour to give feedback as soon as we possibly can, hopefully the following day (Tuesday).

Please e-mail your specific teacher-

[mshickey@lusksns.ie](mailto:mshickey@lusksns.ie)

[mrdaly@lusksns.ie](mailto:mrdaly@lusksns.ie)

Remember, the best thing to do is to get up early, have a nice healthy breakfast, get a good 60 minutes of work in and then get out for some fresh air before enjoying the rest of your day. Keep this in mind during the summer as well, maybe with some reading, art or any other activity to keep your mind active.

Dear Parents, as mentioned before, we are conscious of keeping routine as normal as possible but we also appreciate that it can be difficult, at this time of the school year, for children to stay motivated. You know your child best so make the work fit your routine. We would like to acknowledge the fantastic support you have all been over the last number of weeks. Your cooperation has made this process far easier for ourselves and most importantly for your children. Enjoy the break from schoolwork over the summer.

You can check your child's progress in mental maths here
